

PARENTAL PERMISSION TO ISSUE PAIN RELIEF

Obviously these are important years for all students as they are involved in preparation for public examinations and any lesson missed is a valuable educational experience lost.

We would therefore like to request your permission for the academy's fully qualified first aid staff to issue paracetamol to your son/daughter if required. In order to facilitate this we require you to complete the permission slip below and return it to the academy office, where it will be kept on file. If we do not have a signed permission slip from you then we will be unable to issue paracetamol, even if you give verbal permission over the phone.
