

17 November 2022

Dear Parent/Carer

Biological Science Review Magazine

I am writing to you with details of an opportunity for students to buy a subscription to Biological Science Review Magazine for a discounted rate of £20. This magazine offers:

- Accessible, high-quality research and topical content
- Features to help with essay-writing, analysis, and quantitative skills
- Tips and advice from subject experts, often Heads of Subject or higher education practitioners

There are four issues of the magazine in total. If you are interested in buying a subscription, please make a payment of £20 via ParentPay.

Payment for the subscription must be made using the online ParentPay system. If you are unable to pay online, you can pay by cash at a store showing the PayPoint logo. You will need a PayPoint letter which is available from the school office. The letter has a barcode which is unique to the subscription.

The deadline for payment is Friday 25 November. We will then send an order for the magazines.

If you have any questions regarding the magazine subscription, please do not hesitate to contact me on office@kovessex.co.uk

Yours sincerely

Lyndon Davies
Subject Leader for Biology
