

14 November 2022

Dear Parent/Carer

The Geography Department would like to support your son/daughter with their revision for the upcoming internal Pre-Public Exams (PPEs) in November/December and GCSE exams next year.

I have attached a suggested Revision Timetable for students to use from now until their GCSE exams in Summer 2023. I hope they will find this useful in guiding them through their weekly revision. It is a great tool for you as parents/carers to help support your child at home. However, this is just a guide and it can be used as it is, or amended accordingly.

Every student has been given a hard copy of the revision guide and posters are displayed around the Department as a reminder. Students are advised to use the topic overviews for each topic which can be found on Firefly under Geography > GCSE > Topic Overviews as a checklist of what they need to revise for each topic.

The Revision Timetable works alongside the CGP GCSE AQA Geography Revision Guide. Letters were sent to parents in Year 9 outlining how to purchase these from the Academy, with a reminder sent this year for anyone who has not yet purchased one. The Revision Guide we use is the [GCSE 9-1 Geography AQA Complete Revision & Practice \(w/ Online Ed\) | CGP Books](#). The correct version of the Revision Guide should have "New addition for the 2020 exams and beyond" written at the bottom of the front cover page. If you have one that predates this version, we advise that you purchase the updated version so that the case studies and pages on the revision timetable are correct.

Please note that some of the revision is on Firefly and NOT in the revision guide. It is also worth noting that the exam dates have not yet been officially confirmed and, therefore, this timetable works towards provisional exam dates, which do not normally change.

Yours sincerely

**Mrs K Armitstead**  
**Subject Leader for Geography**
